of Neurosurgical Sciences
Official Journal of the
Italian Society for Neurosurgery

JOURNAL OF NEUROSURGICAL SCIENCES

VOLUME 35 - 1991

Index

Subjects Index

Abscess
Brain abscess caused by Salmonella typhimurium. Case report and review of the literature, 165.

Adenomas, pituitary
A case of intracranial chordoma associated with pituitary adenoma, 103.
Diagnosis and treatment of pituitary adenoma with adjacent carotid artery aneurysm, 41.
Postoperative radiosurgery of pituitary adenomas, 207.
Treatment and long-term follow-up results of prolactin secreting pituitary adenomas, 9.

Adult
Medulloblastoma in adulthood, 23.

Alveolar hydatid disease
Cerebral echinococcosis multilocularis. Case report, 161.

Aneurysms
Diagnosis and treatment of pituitary adenoma with adjacent carotid artery aneurysm, 41.
Giant aneurysm of the internal carotid bifurcation successfully clipped. Case report and description of postoperative CT scan and MRI modifications, 147.

Angioma, cavernous
Cavernous angioma of the spinal dura, 31.

APACHE-II system
Validation of a prognostic system in severe brain-injured patients, 77.

Arachnoyd cysts, bilateral
Bilateral middle cranial fossa arachnoid cysts. A case report, 153.

Arterial defect
Nonsuture closure of arterial defect by vein graft using isobutyl-2-cyanoacrylate as a tissue adhesive, 83.

Arteriovenous malformations
The role of TCD in hemodynamic evaluation of cerebral arteriovenous malformations, 199.

Aspergillosis
Aspergillosis of spine. A case report, 117.

Axonal injury
Posttraumatic diffuse cerebral lesions. Relationship between clinical course, CT findings and ICP, 61.

Blood flow velocity
The role of TCD in hemodynamic evaluation of cerebral arteriovenous malformations, 199.

Brachial plexus
Late intraneural metastasis of the brachial plexus from mammary carcinoma. Report of a case, 51.

Brain abscess
Brain abscess caused by Salmonella typhimurium. Case report and review of the literature, 165.

Brain cysts
Enterogenous cyst of the cervicomedullary junction. A case report, 169.

Brain swelling
Posttraumatic diffuse cerebral lesions. Relationship between clinical course, CT findings and ICP, 61.

Brain tumor
Gangliogliomas: clinical study and evolution, 193.
Intracranial metastases to the pineal region. Report of three cases, 55.
Laser therapy for the treatment of brain tumors, 89.

Carotid artery aneurysms
Diagnosis and treatment of pituitary adenoma with adjacent carotid artery aneurysm, 41.

Carotid bifurcation, internal
Giant aneurysm of the internal carotid bifurcation successfully clipped. Case report and description of postoperative CT scan and MRI modifications, 147.

Cauda equina tumor
Multiple neurilemmona of the cauda equina. A case report, 173.

Cavernous angioma
Cavernous angioma of the spinal dura, 31.

Cerebello-pontine angle
Trigeminal cystic neurinoma of the posterior fossa. Case report, 37.

Cerebral blood flow
The control mechanism involved in post-subarachnoid hemorrhage vasospasm, 1.

Cerebral echinococcosis
Cerebral echinococcosis multilocularis. Case report, 161.

Cerebral lesions
Posttraumatic diffuse cerebral lesions. Relationship between clinical course, CT findings and ICP, 61.

Cerebrospinal fluid
Postoperative CSF problems after spinal and lumbar surgery. General review, 93.

Cerebrovascular regulation
The control mechanism involved in post-subarachnoid hemorrhage vasospasm, 1.

Cervical spine
Dysphagia due to anterior cervical ostephyte. Case report, 229.
Surgical approaches to the clivus and upper cervical spine, 123.

Cervical vertebral injury
Traumatic fractures of the craniovertebral junction. Management of 23 cases, 17.

Cervicomedullar junction
Enterogenous cyst of the cervicomedullary junction. A case report, 169.

Chemotherapy
Late intraneural metastasis of the brachial plexus from mammary carcinoma. Report of a case, 51.

Chordoma
A case of intracranial chordoma associated with pituitary adenoma, 103.

Clival tumours
Surgical approaches to the clivus and upper cervical spine, 123.

Computerized tomography
Acute spontaneous subdural hematoma. Description of four clinical cases, 97.
Gangliogliomas: clinical study and evolution, 193.
Giant aneurysm of the internal carotid bifurcation successfully clipped. Case report and description of postoperative CT scan and MRI modifications, 147.
Intraventricular subependymoma presenting as subarachnoid hemorrhage. Case report, 213.
Late intraneural metastasis of the brachial plexus from mammary carcinoma. Report of a case, 51.
Posttraumatic diffuse cerebral lesions. Relationship between clinical course, CT findings and ICP, 61.
Spontaneous resolution of subdural hematomas, 139.

Craniocervical junction
Surgical approaches to the clivus and upper cervical spine, 123.

Craniotomy
Controlateral extradural hematoma following craniotomy for traumatic intracranial lesions. Case report, 107.

Craniovertebral junction fractures
Traumatic fractures of the craniovertebral junction. Management of 23 cases, 17.

Cysts
Bilateral middle cranial fossa arachnoid cysts. A case report, 153.
Enterogenous cyst of the cervicomedullary jucntion. A case report, 169.
Multiple neurilemmoma of the cauda equina. A case report, 173.
Trigeminal cystic neurinoma of the posterior fossa. Case report, 37.

Cysticercosis
Neurocysticercosis treated with praziquantel. Long-term follow-up of a case, 157.

Doppler ultrasound
The role o TCD in hemodynamic evaluation of cerebral arterio-venous malformations, 199.

Dysphagia
Dysphagia due to anterior cervical ostephyte. Case report, 229.

Echinococcus multilocularis
Cerebral echinococcosis multilocularis. Case report, 161.

Epidermal cyst
A cervico-dorsal intramedullary epidermoid cyst. Case report and review of the literature, 111.

Epidural abscess
Spinal epidural abscess as a complication of Fournier's gangrene, 225.

Fistula
Postoperative CSF problems after spinal and lumbar surgery. General review, 93.

Fournier's gangrene
Spinal epidural abscess as a complication of Fournier's gangrene, 225.

Gangliogliomas
Gangliogliomas: clinical study and evolution, 193.

Head injuries
Contralateral extradural hematoma following craniotomy for traumatic intracranial lesions. Case report, 107.
Interhemispheric subdural hematoma (ISH). Case report, 217.
Validation of a prognostic system in severe brain-injured patients, 77.

Hemangioblastoma
Hemangioblastomas: clinical characteristics, surgical results and immunohistochemical studies, 179.

Hemangiomas
Symptomatic vertebral hemagiomas, 187.

Hematoma, extradural
Contralateral extradural hematoma following craniotomy for traumatic intracranial lesions. Case report, 107.

Hematoma, intracranial
Surgically treated intracerebral hematoma in a child with Henoch-Schönlein purpura, 47.

Hematoma, subdural
Acute spontaneous subdural hematoma. Description of four clinical cases, 97.
Interhemispheric subdural hematoma (ISH). Case report, 217.
Spontaneous resolution of subdural hematomas, 139.

Henoch-Schönlein purpura
Surgically treated intracerebral hematoma in a child with Henoch-Schönlein purpura, 47.

Immunohistochemistry
Hemangioblastomas: clinical characteristics, surgical results and immunohistochemical studies, 179.

Intracerebral hemorrhage
Supratentorial intracerebral hemorrhage after posterior fossa surgery. Case report, 221.

Intracranial pressure
Posttraumatic diffuse cerebral lesions. Relationship between clinical course, CT findings and ICP, 61.
The control mechanism involved in post-subarachnoid hemorrhage vasospasm, 1.

Intracranial tumours, multiple
A case of intracranial chordoma associated with pituitary adenoma, 103.

Isobutyl-2-cyanoacrylate
Nonsuture closure of arterial defect by vein graft using isobutyl-2-cyanoacrylate as a tissue adhesive, 83.

Laser, CO_2.
Laser therapy for the treatment of brain tumors, 89.

Laser, Nd:YAG
Laser therapy for the treatment of brain tumors, 89.

Magnetic resonance imaging
A cervico-dorsal intramedullary epidermoid cyst. Case report and review of the literature, 111.
Diagnosis and treatment of pituitary adenoma with adjacent carotid artery aneurysm, 41.
Gangliogliomas: clinical study and evolution, 193.
Giant aneurysm of the internal carotid bifurcation successfully clipped. Case report and description of postoperative CT scan and MRI modifications, 147.
Intraventricular subependymoma presenting as subarachnoid hemorrhage. Case report, 213.

Mammary carcinoma
Late intraneural metastasis of the brachial plexus from mammary carcinoma. Report of a case, 51.

Medulloblastoma
Medulloblastoma in adulthood, 23.

Meningocele
Postoperative CSF problems after spinal and lumbar surgery. General review, 93.

Metastasis
Intracranial metastases to the pineal region. Report of three cases, 55.
Late intraneural metastasis of the brachial plexus from mammary carcinoma. Report of a case, 51.

Middle cranial fossa
Bilateral middle cranial fossa arachnoid cysts. A case report, 153.

Myelin swelling
Clinical morphometric and ultrastructural aspects in a new model of spinal cord compression, 131.

Nervous tissue neoplasms
A cervico-dorsal intramedullary epidermoid cyst. Case report and review of the literature, 111.

Neurilemmoma, multiple
Multiple neurilemmoma of the cauda equina. A case report, 173.

Neurinoma
Trigeminal cystic neurinoma of the posterior fossa. Case report, 37.

Neurocysticercosis
Neurocysticercosis treated with praziquantel. Long-term follow-up of a case, 157.

Osteophyte
Dysphagia due to anterior cervical osteophyte. Case report, 229.

Peripheral nervous system
La intraneural metastasis of the brachial plexus from mammary carcinoma. Report of a case, 51.

Pineal tumor
Intracranial metastases to the pineal region. Report of three cases, 55.

Pituitary adenomas
A case of intracranial chordoma associated with pituitary adenoma, 103.
Diagnosis and treatment of pituitary adenoma with adjacent carotid artery aneurysm, 41.
Postoperative radiosurgery of pituitary adenomas, 207.
Treatment and long-term follow-up results of prolactin secreting pituitary adenomas, 9.

Posterior fossa
Supratentorial intracerebral hemorrhage after posterior fossa surgery. Case report, 221.
Trigeminal cystic neurinoma of the posterior fossa. Case report, 37.

Praziquantel
Neurocysticercosis treated with praziquantel. Long-term follow-up of a case, 157.

Prognosis
Acute spontaneous subdural hematoma. Description of four clinical cases, 97.
Validation of a prognostic system in severe brain-injured patients, 77.

Radiosurgery
Postoperative radiosurgery of pituitary adenomas, 207.

Radiotherapy
Medulloblastoma in adulthood, 23.

Salmonella typhimurium
Brain abscess caused by Salmonella typhimurium. Case report and review of the literature, 165.

Sitting position
Supratentorial intracerebral hemorrhage after posterior fossa surgery. Case report, 221.

Spinal cord injury
Clinical morphometric and ultrastructural aspects in a new model of spinal cord compression, 131.
Spinal epidural abscess as a complication of Fournier's gangrene, 225.

Spinal dura
Cavernous angioma of the spinal dura, 31.

Spinal injuries
Traumatic fractures of the craniovertebral junction. Management of 23 cases, 17.

Spine
Aspergillosis of spine. A case report, 117.

Stereotactic technics
Postoperative radiosurgery of pituitary adenomas, 207.

Subarachnoid hemorrhage
Intraventricular subependymoma presenting as subarachnoid hemorrhage. Case report, 213.
The control mechanism involved in post-subarachnoid hemorrhage vasospasm, 1.

Subdural hematoma
Interhemispheric subdural hematoma (ISH). Case report, 217.
Spontaneous resolution of subdural hematomas, 139.

Subependymoma
Intraventricular subependymoma presenting as subarachnoid hemorrhage. Case report, 213.

Transoral surgery
Surgical approaches to the clivus and upper cervical spine, 123.

Transphenoidal surgery
Surgical approaches to the clivus and upper cervical spine, 123.

Trigeminal nerve
Trigeminal cystic neurinoma of the posterior fossa. Case report, 37.

Tissue adhesives
Nonsuture closure of arterial defect by vein graft using isobutyl-2-cyanoacrylate as a tissue adhesive, 83.

Vasculitis, allergic
Surgically treated intracerebral hematoma in a child with Henoch-Schönlein purpura, 47.

Vasospasm
The control mechanism involved in post-subarachnoid hemorrhage vasospasm, 1.

Ventricular tumors
Intraventricular subependymoma presenting as subarachnoid hemorrhage. Case report, 213.

Vertebral hemangiomas
Symptomatic vertebral hemangiomas, 187.

Von Hippel-Lindau syndrome
Hemangioblastomas: clinical characteristics, surgical results and immunohistochemical studies, 179.

BOOK REVIEW

MRI of the Central Nervous System: a pathology atlas (Mori K.), 334.
